Cranbrook’s 2013 HSC Successes: A Truly Well-Rounded Education

Cranbrook School is delighted to announce its HSC 2013 achievements. The School’s 2013 Scholars received 222 merits in total placing Cranbrook in the top 4 non-selective independent boys’ schools across the State.

More than two-thirds of boys were placed on the Distinguished Achievers List which is a reflection of the School’s focus on diligence and excellence across the curriculum. Indicative of the ethos of Cranbrook providing a well-rounded education, the merits this year were achieved across multiple disciplines.

Particular congratulations must go to the seven boys on the Premier’s list for outstanding all round achievement. Students who are eligible for this list gained 90 per cent or above in ten or more HSC units.

The students who undertook the more challenging courses also performed strongly with outstanding results for boys who sat all extension subjects.

In addition, the standard of our Year 11 accelerants is extremely encouraging with over 20 of these boys successfully achieving Band 6 or Extension Band E4 in Italian, Legal Studies, Mathematics and Physics.

Nicholas Sampson, Headmaster, commented: ‘I am extremely proud of all of Cranbrook’s 2013 Scholars. The results are a true testament to the boys’ hard work and individual focus as well as the support and commitment of their teachers and families. Thank you to all of the Cranbrook community who have continued to contribute so much towards, and have been so actively involved, in life at our great School throughout the year.’
