Cranbrook School

Sports Uniform

At Cranbrook we look to instil a sense of pride in our boys representing our School in sport through a uniform which has been designed and developed to the highest possible standards. Each individual garment in the new range is designed to be part of the whole range of garments, consistent in quality and design and distinctively Cranbrook.

Our sports uniforms unite the Cranbrook teams wearing the same patch and colourings, replacing an array of different uniform items in any one team. Many of these specially designed uniform items incorporate the iconic CS crest which dates back to 1921.

In this brochure you will find details of all our new, professional athlete quality Cranbrook sports uniform now available to purchase at our Uniform Shop.
