Active Transport

Plan your journey to School

Message from our Headmaster

I ask the entire School community to support us in creating a safe and more sustainable environment through the use of public transport. By choosing public transport each day for your journey to and from our School, you are establishing a more active and considerate foundation for your daily life.

I further encourage all staff and students to walk or cycle to School whenever possible. There are also several bus stops surrounding the School to make it more accessible for everyone.

Nicholas Sampson, Headmaster

Apply for the School Opal Card

It's easy to go to and from Cranbrook School by public transport using one of the numerous bus routes servicing the School. Also, eligible students can receive free travel to and from home and School on approved public transport services during the Term.

Visit the Transport for NSW website for more details: transportnsw.info/tickets-opal/ticket-eligibility-concessions/school-student-travel

Check out some other resources that can help with your planning:

- For Transport for NSW up-to-date timetables and maps, access transportnsw.info, download the Opal app for smartphones or call 131500.

- The Cranbrook School website provides information on the School buses: cranbrook.nsw.edu.au/enrolment/transport-and-bus-bookings/

Cycling to School

Students residing within 3.6 km from School should consider cycling as their primary mode of transport.

Tips for a safe ride:

- Children under 16 can ride on the footpath.
- Make sure your safety gear is working properly (helmet, brakes and bell).
- Be aware of hazards on the road, such as wet leaves, big puddles and gravel or rocks.
- Pay attention to others on the road and footpaths.
- Students should ask their parents for permission to ride to and from School.

Kiss & Drop Code of Conduct

If you need to drive to School, we ask that road rules are followed to ensure safety for all road users. Behaviours that reduce safety are:

- U-turns.
- Double parking.
- Parking / stopping in driveways.
